

Teays Valley Studio

Pre-School - Elementary

Ages 2-8

Monday/Wednesday

Ballet and Tap Combination Classes

Monday 3:45-4:30, for 5-6 years • Wednesday 5:30-6:15, for 3-4 years

These classes enhance basic skills and coordination while providing fun exercises that teach both gross and fine motor skills. With the use of story-telling and fun music – and making use of props like parachutes, ribbon streamers, and wands - we are able to guide the children into the wonderful world of dance. The tap portion of the class teaches simple rhythms while reinforcing counting and weight changes. Again, this class is prop-heavy, making use of drums, tambourines, and rhythm sticks.

Wednesday

3:45-4:30 Creative Movement: 2-3 years

This class is a nice mix between a ballet class and a modern jazz class. It allows for fun exploration of movement and music for first time students. No experience required.

4:30-5:30 Jazz/Tap Combination Class: 6-8 years

Previous experience required. This class builds on the foundations of jazz and tap that dancers have been working on for the past year or two.

5:30-6:15 Kids Production Class: 5-8 years

Does your child like the idea of putting together a production or show? This class is perfect. The students and teacher work together choreographing and making new works. A very free and creative class. No experience required.

Thursday

4:00-4:45 Hip Hop: 6-8 years

High energy and fun! Kids love the fun moves and dancing with their friends, learning new combinations to show their family.

4:45-5:45 Ballet and Modern: 6-8 years

This class starts with a traditional ballet barre and center class and finishes nicely with an introduction to modern dance movement. Previous experience required.
